## CAPITAL CITY "HASH."

By Johnny-Get-Your-Gun.

Frankfort is neither proud nor princely in its individual possessions or boasting. It has no long line of titled lords, nor steel-braced pinnacles called "skyscrapers." Its people are cosmopolitan in taste—sympathetic in things good and bad—and are indifferent generally as to whether there is any law for the wicked or salvation for the righteous. And yet, Frankfort, whilst not breaking its collar button in the attempt to be aristocratic and a "kick-above" the balance, has evidences that it is not "dead broke," or even fairly well-to-do in such selection from the "400" as Col. Geo. F. Berry, the Thomases, Jas. H. Graham, L. Labrot, C. E. Hoge, the Hendricks, Mrs. R. P. Pepper, Gen. D. W. Lindsey, Dr. V. A. Kaltenbrun, the Browns, the Weitzels, and others.

A "Blind Tiger" is so-called because the State, city and county officers shut their eyes, and say they "can't see it." The liquor it sells on the sly is fierce and tigerish. It pays no license to anything except Uncle Sam. It knows Uncle Sam can neither be bought, persuaded, nor intimidated. There are over 2,000 blind tigers in Kentucky, but the local officers can not find them. In fact, they don't want to—much.

Frankfort owns two-thirds or three-fifths of the assessed wealth, and has one-half of the population of Franklin county, and yet how strange that the jury commissioners seldom find competent material for jurymen among residents of the city. The county alone seems to possess citizens of intelligence and character fit to sit on juries. This seems to be the opinion of the jury commissioners.

What a silly "fad" that is that puts the girls on the streets in bare arms and with bare heads. Their beautiful arms get blistered by the sun and become brown as oak-tanned leather, whilst the glossy, soft hair becomes filled with dirt from the streets. The clouds of dust raised by the wind or vehicles settles in the hair and the frequent washings to remove it takes out all the natural oil and promotes bald headed men. Our girls will be baldheaded before they are round the turn at forty, and what man wants a dark brown arm to encircle his neck?

Think of Dr. Shoop's Catarrh Cure if your nose and throat discharge—if your breath is foul or feverish. This white soothing balm contains Oil of Eucalyptus, Thymol, Menthol, etc., incorporated into an imported, cream-like, velvety petrolatum. It soothes, heals, purifies, controls. Call at our store for free trial box. Sold by all druggists.

## BADLY HURT.

Mr. Wm. Steel, an employee of Mr. W. M. Perkins, was badly hurt, on Monday afternoon, by being thrown from a wagon he was driving in the railroad yards. It seems that the wheels caught in the track and Mr. Steel was thrown across another track, breaking his left wrist, cutting a

long gash on his forehead, breaking his nose and otherwise bruising him up.

A surgeon was at once summoned who attended to Mr. Steel's injuries, and he is doing as well as could be expected.

If all dyspepsia sufferers knew what Dr. Shoop's Restorative would do for them, Dyspepsia would practically be a disease of the past. Dr. Shoop's Restorative reaches stomach troubles by its direct tonic action upon the inside nerves—the true stomach nerves. Stomach distress or weakness, fullness, bloating, belching, etc. Call for the Restorative. We recommend and sell Dr. Shoop's Restorative. Sold by all dealers.

## COUNTRY SHOOTING.

Late Saturday afternoon Squire Ed. Sheets and Mr. Wm. Alldrich, in the Bald Knob neighborhood, became involved in a difficulty, in the course of which Alldrich was shot four times, none of the wounds, however, being serious.

It is claimed as a case of self-defense.

## IF YOU TRY

Father William's Indian Herb Tea, or Herb Tablets, and do not find them the best medicine you ever used for Constipation, Torpid Liver, Sick Kidneys, Sour Stomach, Sick Headache, Neuralgia, Dyspepsia, Indigestion, Malaria, Dizziness and Bad Breath, we will refund the money.

They work day and night and you get up in the morning feeling like a new person.

Try them! 20 cents, Tea or Tablets. For sale by Frankfort Drug Co.

## MINUTES OF FRANKLIN BAPTIST ASSOCIATION.

The minutes of the late meeting of Franklin Baptist Association have been printed and are now ready for delivery to the Clerks of the different churches composing the body.

By calling at the Roundabout Office they will be furnished the quota of their churches.

## TORTURE BY SAVAGES.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me."

Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

## COLORED FAIR.

The Colored Fair Association held its first fair in this city last week, closing on Saturday evening. It was very successful in every way. Large crowds attended each day, and the display of stock was unusually good.

A commendable thing which was generally noticed, was the absence of drunkenness and disorder among the crowds attending.

This is a move in the right direction and should meet with encouragement from everybody.

We hope that the finances will be found in such shape that the fair may be given each year hereafter.

**CASITORIA.**  
The Kind You Have Always Bought  
Beware of cheap imitations.  
Signature of Dr. H. H. H. H.

## GRATIFYING REPORT.

The Conference year of the Methodist Church closed on Sunday last, and we are gratified in being able to say that the local church finds itself in better shape, both spiritually and financially, than for a long time. There has been decided growth along all spiritual lines and in numbers. Financially the year closed with all claims fully met and a balance in the treasury for the first time in many years.

This good work is largely the result of the faithful, consecrated and earnest labors of Rev. J. O. A. Vaught, the pastor.

We voice the sentiment of the whole community when we say that it is hoped Mr. Vaught will be returned to this charge for another year, by the Conference now in session at Winchester.

## OUTSIDE AND INSIDE.

A bath cleanses the skin and rids the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative or cathartic opens the bowels and clears the system of effete matter. Best for this are DeWitt's Little Early Risers. Pleasant little pills that do not gripe or sicken. Sold by J. W. Gayle.

## THANKS.

Mr. Church Dennis has placed us under obligations for a basket of luscious pawpaws, the largest and finest of the season. In fact, it has been many years since we have seen as fine ones as these were.

We desire to return our thanks to Mr. Dennis for his courtesy.

Mr. W. C. Bryant has also placed the Roundabout force under obligations for a sack full of this delightful fruit. They were large, ripe and unusually good.

Mr. Bryant will please accept thanks.

## A LIVELY TUSSELE

With that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25c at all druggists.

## KENTUCKY HISTORICAL SOCIETY REGISTER.

We have been placed under obligations to Mrs. Jennie C. Morton, Editor of the Kentucky Historical Register, for a copy of the September issue of that magazine. It is full of well-written, and well digested matter, reflecting credit upon its fair editor.

We return our thanks for the consideration shown.

Rheumatism is not incurable. Stubborn? Yes! But Dr. Shoop's Rheumatic Remedy will, if faithfully used, drive it out of the system. It is the blood that's at fault. Poisonous crystals like sand get into the joints and muscles. Dr. Shoop's Rheumatic Remedy prevents this. It drives Rheumatism from the blood and then Rheumatism dies. We recommend and sell it. Sold by all druggists.

## GREAT THOROUGHBRED SHOW.

A special catalog for the thoroughbred department has been issued by the management of the Bluegrass Fair. The thoroughbred show will be the great feature of Saturday, September 22, the closing day of the fair. More than five thousand dollars is offered in premiums and the largest and best display of thoroughbred horses ever held in the world is assured. The owners of all the large stock farms in the vicinity of Lexington have consented to display their valuable stallions, some of them horses for which more than \$100,000 has been recently paid. It is well within the bounds of expectation to predict that visitors to the Bluegrass Fair on the day of the thoroughbred show will see more than two million dollars worth of horse flesh. The catalogs for this department are convenient in size and consist in the information given. They can be had upon application to Jonett Shouse, director in charge of the thoroughbred department, Lexington, Ky.

## KILLED BY ENGINE.

Mr. Hugh Darlington, formerly of this city, was killed by being thrown from the cowcatcher of an engine, in the L. & N. yards, in Louisville, on Wednesday. It seems that two trains were being switched, when one of them struck on the side of a car, at the entrance to switch, which caused such a jar as to throw Darlington under the wheels.

### A THRILLING EXPERIENCE.

At Gulfport, Miss., William Sneed, son of H. H. Sneed, formerly pastor of the Episcopal Church, this city, and a companion about the same age, were out on the water in a small row boat, when a severe squall came up suddenly and carried them out into the gulf. They were searched for, but were not found until the next evening when they were picked up by a launch ten miles from land. They were in the boat twenty-four hours without food and drink and had no clothing but bathing suits.—Georgetown News.

Mr. Sneed is a brother of Mrs. L. B. Weisenburgh, of this city.

Prof. Tyler, of Amherst College, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope nor charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by J. W. Gayle.

### LEPROSY IS CURABLE.

Washington, Sept. 13.—After displaying rare heroism by the devotion of a lifetime to a study of leprosy, Eugene E. Plummer, American Consul at Maracabio, Venezuela, has decided that the dread malady is not contagious, but is hereditary to a degree not reached in any other disease. He has made an exhaustive report to the State Department, telling of his personal attendance upon lepers afflicted in the most revolting form. His report indicates that leprosy is curable, but there is little hope in Venezuela or other Latin-American leper colonies, where nutritious foods are expensive and drugs rarely ever provided.

Dr. Plummer was appointed to Maracabio in 1878, where, in conjunction with his duties as Consul, he constantly observed leper cases and their treatment and where he experimented in no small way. In this he has had the benefit of correspondence with the most advanced scientists of the United States and Europe and it was through his efforts that the "tuna-tua" plant used in treating the disease, is now planted in all countries which have leper stations. At the request of these scientists Dr. Plummer took many photographs of lepers, personally removing the bandages of the afflicted, that the best results might be attained. He was allowed to visit secretly many lepers in Maracabio, concealed by their families to avoid being sent in perpetual banishment to the island.

Using a secret which he obtained through Dr. S. S. Bothwell, now Marshal of the Supreme Court of Porto Rico, he experimented with it on these private cases. Ten lepers were given into his special charge. These cases embraced both classes of the disease, the dry class, where extremities become calloused, so that fingers and toes may be broken off without pain to the patients, and the other class, known as wet, or soft, leprosy, where every part becomes putri-

fied and rots away, leaving at last nothing but a trunk of a human being. His reports point out that the treatment produced much good results, but that the lack of proper food made absolute cure impossible.

Dr. Plummer says in his report that as he was successful and full of hope for continued good results, he concluded that he would rather drop the society of his friends of the foreign colony than to abandon the lepers. Though he observed minute care to avoid any danger from contagion, he suffered a most horrifying experience in attending a boy patient at the leprosy institution, and a few days after the incident small sores appeared on his hands, but after some months these dried up, although discolored marks remained.

The gates of the Big Bluegrass Fair will be thrown open at Lexington next Monday, September 17, and for six days and six nights the people of Lexington and Central Kentucky will be given the opportunity to attend what promises to be the biggest and the best fair ever held in the South. Although the Bluegrass Fair Association was not organized until in July, the management has been in the hands of such competent men that as great an exhibition is assured as could ordinarily be gotten together after six months of preparation. The annual will be given away in premiums for the various classifications to be shown at the Fair. This is the largest amount ever offered by any fair association in Kentucky. It has been so divided as to cover fully the various divers interests with which the people of Central Kentucky are most particularly concerned. Handsome offerings are made for all classes of live stock and for all agricultural and horticultural products. In addition, the largest amount ever offered by a fair association in the South for poultry, small live stock, and the animals for women's work, table delicacies and other features of Floral Hall are unsurpassed in the annals of Kentucky fair history.

One of the greatest features of the fair will be the display of thoroughbred horses which will take place on Saturday, September 22. Over \$5,000 is offered for this class of horses alone. Premiums from the owners of the large stock farms throughout Central Kentucky insure the largest and most valuable collection of thoroughbreds ever held in the world. It is well within the bounds of expectation to predict that more than two million dollars worth of thoroughbred horses will be exhibited that day. The cattle show will be the best ever seen at a Kentucky fair. The large amounts offered by the Bluegrass Fair Association have brought the best summer stock offerings from the Southern and Hereford Breeders' Associations. Dairy cattle have been in no sense

neglected and there are especially liberal provisions for Jerseys.

The tobacco exhibit will be a feature of special interest. By the arrangements of classifications it is possible for one exhibitor to take over \$200 in first prizes alone. Kopp's famous Military Band, of Cincinnati, has been secured to furnish the music. This is an organization which has made a remarkable reputation the last two seasons. Succeeding Liberatti and other famous bands at the Cincinnati Zoo, it is unanimously considered best of them all. Musical features of real interest and novelty will be provided. There will be high class free attractions in front of the grand stand both morning and afternoon of each day, and there will be some fifteen or twenty shows, each possessing some unusual feature and each getting away from the old hackneyed shows of the midway type. There will be a first class racing program each afternoon, with some of the best running races. Reduced rates have been secured on all railroads from every point in Kentucky. It will thus be possible to reach the Bluegrass Fair without difficulty and with little expense from all sections of the State. Every prospect indicates the most successful, the largest and the best fair ever held in the South.

When you have a cold it is well to be very careful about using anything that will cause constipation. Be particularly careful about preparations containing opiates. Use Kennedy's Laxative Honey and Tar. Sold by J. W. Gayle.

Attention of leading farmers and business men of the State is now being attracted to the Fifth State Development Convention to be held at Winchester October 10, 11 and 12. The committee in charge of the arrangements at Winchester are working hard in preparing for it, and are enthusiastic over the prospect of an excellent program and a large attendance.

The program will include six business sessions. The Convention will be called to order at 1:30 p. m. Wednesday, October 10, and there will be an evening session that day. Thursday morning will be devoted to a business session, and in the afternoon an excursion to Beattyville, as the guests of the Winchester Commercial Club, where some of the Eastern Kentucky coal mines and lumber plants near there will be visited. Lunch will be served by the club at Beattyville, and an afternoon business session held. Returning to Winchester, an evening session will be held that day, and on Friday and Friday evening, the last day, three sessions will be held.

Senator William Lindsay, of New Mexico, has accepted an invitation to act as chairman of the Convention.

A feature of much interest on the program is that of the roll call of counties. Seventy-two counties responded in the roll call at Louisville, and the committee expect to have more responses this year. Each county judge in the State has been asked to select

a man in this county to prepare a statement, to be used on the roll call of counties, setting forth county statistics in answer to the following questions: 1. In what does your county excel? 2. What does your county need most? 3. What is its labor supply, and what wages does such labor command? 4. What factories and other industries have you? Give the capital employed, extent of business, number of employees, and amount paid in wages.

The information thus furnished to the Convention will be compiled and given wide publicity throughout the United States to attract to Kentucky capital seeking investment.

This matter is one that should not be overlooked in this country. It is an excellent means of advertising our resources, and desirability as a location of such industries as we need, and of bringing before the public what we have and what we want. Men throughout the country who are seeking investment read the literature of such bodies as the State Development Convention, and a good strong statement from our country will be of much value to us.

We want other people to know us and to know what we have.

■ Judge Robt. L. Stout opened the September term of circuit court on Monday morning. The grand jury was empaneled and sworn and is composed of the following gentlemen: J. B. Utterback, foreman; Geo. E. Gardner, Richard Sullivan, Elsie Tracey, Burge Moore, James Botkin, A. H. Tichenor, Henry M. Penn, D. B. Black, Robert Church, Jr., Clarence Hamilton, Zack Reed and Style Young.

Not Only Do We Get Inspiration From  
Nature. But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and concentrating the medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorders and liver and stomach troubles, whether of the chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver to rest, and, in addition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or bil-

If you have coated tongue, with bitter or bad taste, in the morning, frequent belching, feel weak, easily tired, stitches or pains in side, back, gases out easily and acrid, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily than any other remedy than any other remedy.

Con-  
tains no alcohol or habit-forming drugs.  
All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

### REDUCED RATES TO BLUEGRASS FAIR.

Throughout the entire six days of the Big Bluegrass Fair, to be held at Lexington September 17 to 22, a rate of one fare plus twenty-five cents from any point in the State may be had on all railroads. The arrangement was made by a committee from the Chamber of Commerce, who went to Louisville with this object in view. Secretary Bain is leaving no stone unturned to make of this the biggest and best fair ever held in the South, and with the ample railroad facilities that have been provided it bids fair to surpass the most sanguine expectations of its enthusiastic secretary. Special trains will be run by the Louisville & Nashville from Lagrange to Lexington, and, on its Cincinnati branch, from Falmouth to Lexington. The Southern will run specials from Shelbyville to Lexington, and the Queen & Crescent will also run specials from some point considered most advisable. The people of Kentucky will thus be enabled to get to Lexington early in the morning and have time to see the entire program for the day before leaving late in the afternoon.

Prospects point toward big crowds for each day of the fair and the attractions offered will furnish amusement as well as instruction to all who will come.

### CINCINNATI FALL FESTIVAL.

Cincinnati, O., Sept. 14.—(Special)—Is "28" as unlucky as No. 13? At the Backwoods Inn, one of the many features of the Fall Festival now at its height, the question seems to find an answer. There are over a hundred young women waitresses employed in this place of refreshment, and each is provided with a badge bearing a number. No. 28 is missing.

An inquisitive man was seated at a table the other day, and the following conversation took place between him and barmaid No. 48:

"Where's waitress 28?"

"Skidooed."

"What?"

"Skidooed."

"Gone?"

"Yes."

"Who?"

"Kidded."

"Who kidded?"

"Everybody."

"Did she quit?"

"Twenty-three."

"Why don't you get another girl to take the number?"

"Had five."

"No."

"Yes."

"Tell me about it."

Well, you see, the first "28" was a plain sort of a girl, not so very handsome, and every time she passed a keg of ends, the fellows would get on to the number and yell "Twenty-three." She got insulted and quit.

The next "28" was a peach—a regular lulu. "Me for you, skidoo!" was the way everybody talked to her, and being a shy little thing, she couldn't stand it. "Skidoo" was her pet name. Everybody called her that most lovingly, and she couldn't stand the limelight. She gave up her badge.

We got another waitress to take it, but before it got as warm as she was she saw how the land lay, and by the time she had toted the foamy two hours she had been kicked to death. Then somebody told her "to beat it while her shoes were hot," and she did. She hasn't been seen since.

Twenty-three No. 4 cut her hand opening a pint, and No. 5 got sick and hasn't shown up since. The badge is waiting for No. 6, but I don't think anybody'll wear it any more than they'll take the No. 18.

### CONFEDERATES

Hold Reunion at Pewee Valley in October—Call Issued.

The following call has been issued:

Headquarters Ky. Div. U. C. V.  
—In obedience to the authority given by the Kentucky State reunion, in October, 1905, the annual reunion of the Kentucky Division of United Confederate Veterans is hereby called at the Confederate Home, at Pewee Valley, for September 28, 1906, at 11 o'clock a. m.

At this reunion a Major General for the division and Brigade Commissioner for First, Third and Fourth will be elected.

These annual reunions are delightful occasions for Confederate comrades who live at the Confederate Home, and also afford an opportunity for the veterans throughout the State to visit the Kentucky Confederate Home, now acknowledged to be the best equipped, best maintained and most comfortable institution of its kind ever organized. It is believed a large number of the members of the division will gladly avail themselves of this opportunity, not only see the home itself, but also to cheer and encourage our gallant comrades who find it necessary to avail themselves of its benefits.

Camp commanders are earnestly urged to bring with them a full roster of all members; also written reports of the deaths and other matters affecting their camp since last reunion.

The railroads have kindly consented to give usual rates, and arrangements will be made on the grounds for the entertainment during the day for all visitors.

The camp commanders are also particularly requested to report all efforts made or to be made for the erection of Confederate monuments throughout the State. In proportion to the number of Confederate soldiers enlisted, Kentucky has erected the largest number of monuments to the Confederate dead.

In the next ten years the number of these memorials in Kentucky should be doubled. Delegates are urged to bring with them some well-devised suggestions for an increase of these monuments to the great cause for which Kentucky Confederates made so great sacrifices and offered such unselfish and glorious tribute. By order of

BENNETT H. YOUNG,

Maj. Gen'l Comd'g Ky. Div. U. C. V.

Official—W. A. MILTON.

Adj. Gen'l and Chief of Staff.

### REBELLION IS GROWING.

Havana, Sept. 13.—The rebellion looms stronger today than ever. All the smaller towns in Santa Clara province appear to be absolutely in the control of the insurgents. Cienfuegos is in a state of alarm. Railroad, river and steamboat communication has been stopped. The rebels outside of Cienfuegos continue to receive reinforcements.

Things are more normal at Santa Clara City. Trains over the lines of the United Companies are running without interruption, except occasional hold ups. Both Santa Clara and Cienfuegos are prepared to resist invasion, but the number of rebels before the cities is vastly superior to the government forces.

Reports that the force under Pino Guerra is marching toward Havana, coupled with the very much increased concentration of rebels outside the city, is causing uneasiness here. Deposits in the banks are extremely heavy, but money is right. All the troops which can possibly be spared from duty in Havana province are being brought into the city proper.

Depredations along the lines of the Western and Cuban Central railroads continue. Trains on other lines are not molested, other than to be fired upon by small bands of rebels.

Feliciano Prieto, who has the reputation of being a strike leader, has been arrested. There is reason to believe that the Liberals attempted to complicate matters by causing a strike in Havana. Their efforts, however, were futile.

The steamer Marie Horressa, with arms and ammunition aboard for the government, arrived here from New York without incident. The government's supplies of arms and ammunition are fairly plentiful, but there is little doing in the way of enlistments.

Piles positively cured with Dr. Shoop's Magic Ointment. It's made for piles alone, and it does the work to perfection. Itching, painful, protruding or blind piles disappear like magic. Sold by all dealers.

The Southern Railway is 23 miles the shortest from Louisville to Evansville and 43 miles the shortest to St. Louis.

Mr. Richard C. Head purchased of Dr. G. B. Brown ten shares of Citizens Bank stock at \$135 per share.

Mr. Jas. B. Sprake has gone to Iowa State University to accept a position as instructor in Mechanical and Electrical Engineering.

The Buffalo Springs Academy will begin October 1. The Board of Trustees have employed Mr. James Donovan, as principal, and Miss Sue Viley and Mrs. C. T. Duvall as the assistants.

The old town seems to be waking up to a spirit of improvement. Several citizens and corporations are putting down concrete sidewalks in front of their property.

We were visited by a heavy wind and rain storm on Sunday morning last.

Mr. R. C. Head, formerly of this place, has resigned as cashier of the bank at Madison, Ind., and has moved to Louisville and accepted the assistant cashiership of the Commercial Trust Co.

We will soon have a new flour mill. A number of gentlemen have bought a lot of Capt. G. W. White, a short distance from town, on the Owenston pike, and will push the building at once.

Married—At the Christian Church, on September 5, Mr. Homer Robinson and Miss Bertha Devers were married by Rev. G. W. Hill.

Dr. Crutcheild is to read a paper on "Chronic Rheumatism" at the next meeting of the Scott County Medical Association, to be held December 6. CNO.

## IF WOMEN ONLY KNEW.

What a Heap of Happiness it Would Bring to Frankfort Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains come from sick kidneys.

'Twould save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Frankfort people endorse this: Mrs. T. Thornton, wife of T. Thornton, barber, of 538 Short St., says: "A constant dull aching pain across the small of my back caused by my kidneys, has annoyed me for years. On account of this, and from the fact that my back has been so weak, I have not been able to do any hard work about the house at all. There was a constant irritation from the kidney secretions and they were irregular, unnatural and scalding. Doan's Kidney Pills were recommended to me so highly that I got a box at J. W. Gayle's drug store. They certainly helped me in every way. I felt better than I had for a long time, and I have no hesitancy in recommending Doan's Kidney Pills to any one suffering from kidney trouble of any kind."

A KENTUCKY CHRONICLE.

By John Thompson Gray.

Surely a more charming chronicle was never written. If style is not the man, at its best it is a characteristic expression of the man and in this romance one finds John Thompson Gray's wonderful

personality an integral thing, revealed yet elusive. Mr. Gray had an exquisite and unquenchable sense of humor; he was a wide reader of literature and an appreciative one; his power of observation was keen and well developed; he had sympathy with many forms and types of life; he had an aptitude for literary expression and the moral wholesomeness inseparable from all virile art. The combined force of these gifts made possible such a genial and delightful "chronicle." In his material, too, Mr. Gray was fortunate. Or rather, it would be better to say that in his life experience he was fortunate; he was a pioneer in Kentucky. He was born in Louisville in 1815, and for eighty-seven years was identified with the life of that city and its environs. He knew that life thoroughly and his account of it is tender and earnest. He is a lover and he writes like a lover, with lingering touch, and over it all is the rosy-gray mist of memory. In this perspective men, women, events, motives, passions, errors find their true places and valuation. "A Kentucky Chronicle" is more than a romance; it is a wisdom-book. "Among the Virginia emigrants to the Falls was Reginald Thornton, a stately, kindly gentleman of the old school." Reginald Thornton establishes himself at Lastlands, a few miles from the Falls, and the life of his children, his grandchildren, their friends and enemies, their lovers and detractors and servants form the heart of the book. And these people, of all types and conditions and characters, are real and lovable; you are told what they do and anticipate what they are going to do because you care about them, not because it is "a story." And when, at the close, the chronicler finds at Lastlands "a broken shaft of white marble which marks the grave of the last scion of the Thornton house, brought home from a distant battle-field" you turn away with sincere regret. It is an invaluable and true cross-section of early Kentucky life and the State will treasure this record. 12mo cloth; handsome letter-press and binding. Price, post-paid, \$1.50.

WILL save you hundreds of steps because everything you need in the preparation of a meal can be found in the cabinet without your going back and forth from the kitchen table to pantry and closet.

## A McDougall Kitchen Cabinet

takes the place of the kitchen table and gives you the same unobstructed working service as the table—with a drop leaf at either end if desired.

Think of the convenience it would be to you in the preparation of a meal, to have all the food supplies, dishes, cooking utensils, flour, sugar, salt, spices, and everything else within the instant reach of your hand, without your leaving the cabinet.

Think what it would mean to you in the saving of time as well as in the saving of steps. Think what it would mean to you when you came to make up your grocery order to be able to look through the cabinet and tell exactly what you need without looking in a dozen different places.

## INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying, in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 50c and 75c. All druggists.
